

---

hello all,

The written test consists of 5 sections.

1st section tests verbal ability.all from GRE barrons book and Big Book. Analogies n sentence completion.

2nd section is math. Again GRE math.

3rd section is C programming.Simple programs and u have to mark the right output.

4th section is C comprehension.The toughest part of the whole paper was this section. A huge compresion of C program followed by 5 questions on it.

5th section is essay.The topic that I got is happiest moment in ur life

Next was interview. Tech n Hr simultaneously goin on. friendly panel. They ask logic of certain programs

Another interview of tech n HR. this time they asked question from logic design n communication engg. they tested our confidence levels
