

PEROT SYSTEMS PAPER ON 10th APRIL AT JAMMU UNIVERSITY

Hi, Friends.....

I am Aman Mohan perot came for joint campus placement in Jammu University on 9 & 10TH of April, 2007. out of 500 students only 60 were selected after written test and then we gave tech. and HR interview & only 23 students were selected in all & 4 were from our college (MBCSET) and i was one of them.

The procedure for selection was

- 1. Written test** (1 hour written test was very easy. it consists of general aptitude ques. paper consists of 5 parts)
 - series completion ques.
 - data sufficiency ques. all from rs aggarwal (verbal and non verbal) very easy
 - questions from topics such as time and distance, trains, time and work - from rs aggarwal
 - logical ques. on flow charts - to find o/p, some algorithm is given - to find the o/p. easy, student from any other stream can also do it.i am from electronics and comm. in all 45 questions were there which had to be completed in 45 minutes.
- English paper - very easy
this English test consists of 25 questions which had to be completed in 15 minutes.

2. Technical interview

- Describe yourself
- Are you comfortable with c++
- Difference function overloading & function over-riding.
- Define stacks, queue, linklist.
- Difference Between C & C++.
- Write any program implementing recursion (i did the program of factorial).
- Define Ram, Hard-disk.
- With which language are u comfortable with.

3. HR interview :-

- Tell us about yourself.
- Why do you want to join perot systems.
- Then a question about a situation that you & one more person is in a Boat in the center of a sea and their is hole in the Boat & the Boat is sinking Neither you nor the other person knows swimming & suddenly their is a 'AKASH-WANI' that if one of u step off the Boat, the other one will Be saved. Now what will u do.
- Another question on situation :- you are given a very hostile team & you want to convince them your idea is the Best for the situation. How will you convince your team about your idea. They are so hostile that even they are not ready to listen to you.

Some of the questions that I rememered in Written aptitude test are:-

1st section that consists of 10 question (1-10) each of 1 marks each

Q1. Reena is Twice as old as sunita.three years ago, she was thrice as old as sunita.how old is sunita now ?

- 6 years Ans
- 7 years
- 8 years
- 9 years
- 10 years

Q2. which is the num. indicated By Blank in the series 2,15,41,80,(...).

- 111
- 120
- 121
- 132 Ans
- 150

Q3. Which is the eight num. in the sequence ?

0,6,24,60,120?

Q4. which numer could replace question mark in the series 7,12,19,?,39.

- 29
- 28 Ans
- 26
- 24
- 27

2st section that consists of 25 question (11-35) each of 2 marks each

- Q1. a)if the data statement 1 alone are sufficient to answer the question
B)if the data statement 2 alone are sufficient to answer the question
c)if the data either in 1 or 2 alone are sufficient to answer the question
d)if the data even in Both the statement together are not sufficient to answer the question
e)if the data in Both the statements together are needed.

The chairman of a Big company visits one department on Monday of every work except for the Monday of third week of every month. when did he visits the purchase department ?

- He visited accounts department in the second week of septemer after having visited purchase department on the earlier occasion.
- He had visited purchase department immediately after visiting stores department But Before visiting accounts department.

- Q2. a)if the data statement 1 alone are sufficient to answer the question
B)if the data statement 2 alone are sufficient to answer the question
c)if the data either in 1 or 2 alone are sufficient to answer the question
d)if the data even in Both the statement together are not sufficient to answer the question
e)if the data in Both the statements together are needed.

four plays A,B,C,D were staged one on each day consecutive days, But not necessarily in that order. which day was the play C staged ?

- The 1st play was staged on 14th, tuesday and followed y play D.
- Play A was not organised on 16th and there was a gap of one day etween A and B.

- Q3. a)if the data statement 1 alone are sufficient to answer the question
B)if the data statement 2 alone are sufficient to answer the question
c)if the data either in 1 or 2 alone are sufficient to answer the question
d)if the data even in Both the statement together are not sufficient to answer the question
e)if the data in Both the statements together are needed.

Vipin's & javed's salaries are in the proportion of 4:3 resp. what is vipin's salary?

- javed's salary is 75% that of vipin's salary
- javed's salary is Rs 4500.

- Q4. a)if the data statement 1 alone are sufficient to answer the question
B)if the data statement 2 alone are sufficient to answer the question
c)if the data either in 1 or 2 alone are sufficient to answer the question
d)if the data even in Both the statement together are not sufficient to answer the question
e)if the data in Both the statements together are needed.

Gaurav ranks 18th in a class. what is his rank from the last?

- there are 47 students in the class.
- jatin who ranks 10th in the same class, ranks 38th from the last

Q5. Ratio of ashok's age to sandeep's age is 4:3 .ashok will Be 26 years old after 6 years. how old is sunita now ?

- 12 years
- 15 years
- 19 1/2 years
- 21 years
- none of these

Q6. A train overtakes two person who are walking in the same direction in which the train is going, at the rate of 2 kmph and 4 kmph and passes them completely in 9 and 10 seconds resp. the length of the train is

- 72 m
- 54 m
- 50 m
- 45 m
- 40 m

3rd section that consists of 10 question (36-45) each of 5 marks each

Q1. In the following program compute the value of y if a,B,c are equal.

Step 1 assign 0 to y.
step 2 if a>B assign 1 to y
step 3 if c>B assign 2 to y
step 4 if c=a assign 3 to y
step 5 if a>c assign 4 to y

- 0
- 1
- 2
- 3
- 4 ANS

The others questions in this section are related to flowcharts (2 question) & simple question in the aptitude test their is not specific question on lanuage C or C++.

I WAS SELECTED FOR THE PEROT SYSTEM & I GOT THE APPOINTMENT LETTER AT 12:30 PM ON 10TH ,APRIL 2007

BEST OF LUCK TO EVERYONE
