

TEST AT HIMACHAL PRADESH ON 18th OCTOBER

There were four batches for the test and two on the day we appeared almost 750 in a batch for the first day means for first two batches they recruit almost 180 students... i was in 3rd batch... and from batch 3 and 4 they recruited almost 55...So totally out of almost 2500-3000 students they appointed only 230...

Overall there are three parts of selection procedure

1. Written Test

2. G.D.

3. Interview (Specifically neither Technical nor HR, depends solely upon u that how u mould the Interviewer..)

As usual there written test paper consists of two sections:

Total Time 90 mins, Total questions 82, sectional Cut-off, cut-off same for all branches, Aptitude cut-off 11 and English 20, nothing Technical.

1. Aptitude-32 questions (R.S. Aggarwal is more than enough, u r advised to go through all the parts of book, concentrate on boats streams, profit loss, trains, velocity, mixtures, areas, surface areas, volumes, series completion...almost all the chapters except data interpretation in the last part of RS Aggarwal Aptitude book u need to do..)

2. English-50 questions (4 big passages each having ten questions, and 10 questions to find out the errors, grammatical mistakes in sentences mostly the mistakes are like Unwanted undesirable usage of words likethat whether..... mostly the answer will be option 'B')

From batch 3 and 4 total students selected were 258+270=528

G.D. Topics:

First day there main elimination round was test G.D. topics were good all were indirect topics like

a. sarson ki roti makki ka saag vs idli Dosa (means punjab vs. south India)

b. Window is open (abstract idea.. like opportunities always come..hundreds other abstracts)

c. Apple is Apple

d. Red is red or blue is blue

e. should students take part in politics ?

f. Love Marriages vs arranged marriages

g. How to preserve Shivalik hills (because they were sitting near shivalik hills so such topic..)

h. which one is better Aish or Sushmita Sen

i. Afzal's hanging justice or not like this

j. what if u get chance working with Amitabh or Shahrukh, which one will u prefer like this

d. Some usual topics like love marriages arranged marriage blah blah..cricket, politics all year...

Second day main elimination round was GD though the topics were almost similar...

They selected only 79 from batch three (258 total only 30%) i dont know about batch four..

INTERVIEW:

Me: may i come in sir (with a smile)?

He: Muhammad Ovais come in have a sit !

me: thank you sir !

he: forwarded his hand

me: gave a firm handshake... from this he checked my confidence...

he: so Muhammad tell me about yourself..

me: told him my name (though he already knew this) and then usual procedure first told about graduation then +2 then 10th...told him my hobbies.. and extracurricular activities... i added web Designing as my hobby and a member of college's TPC (training and placement cell's Co-ordinator Member).. he asked what's TPC simply i told the full form...then i asked sir should i tell u about my family??

He: laughed for some moments and then said If there is not any secret then let me know about ur family....

me: I told about my father his business, mother and sisters...

He: tell me your fav subject?

me: CMC, a little D.E.

He: ok can u draw the Half adder circuit ?

Me: make the truth table and draw the circuit he said ur circuit is not correct...because i shown the confidence he said ...ok leave it..

He: So Muhammad web Designing is ur hobby ??

me: Yes sir !! I'm learning it... not much proficiency at it..

He: Ok... which languages..u know?

me: Html, dhtml

He: tell me basic structure of a web page?

me: i asked for a paper..he said no tell me verbally...i told the basic structure..

he: how are u planning to make a webpage.. i mean any flowcharts algo's etc..do u know about them?

me: yes sir

he: how will u find and print every third odd number between 0-15 (it was not as tough but i got a little confused but i did not show it, relaxed myself and come on track)... i said sir 50 or 15 he said 15.. me: ok sir..

me: i asked in which lang...

he: any lang.. its better to make an algo or flowchart..

me: i made flowchart....and explained it to him..there were some mistakes which i corrected while explaining...one major mistake was there..i asked to give me 2 mins i will correct it..he said its ok...no need to modify...

he: after a pause for some mins.... so ovais would u like to know anything about us?

me: yes sir!!

me: Sir i can't know that US technologies is CMM 5 level company what is it ??

he: explained it

me: so sir what's the difference between ISO and CMM5?

he: explained it

me: sir one more question pls ? he ya sure..me: what languages we need to learn before joining US Technologies?

he: u dont need to learn any languages .. we will teach u everything in training... u need only to be analytical strong.. like the problem u solved earlier... He used the word Solved, i got that i'm selected now...

me: asked about training period?

he: 3 months...

me: ok thank you Sir!

he marked 10 on my answer which was with hmmm.. i got one more clue that i will be selected...Insha-Allah

me: asked him, sir would u like to have my resume .. no its ok...

he: forwarded his hand once again...

me: gave him a firm handshake again and left the room with a smile....
